Competition format for the 1500m Freestyle and 800m Freestyle events

- Athletes will compete with two swimmers per lane.
- Heats will be swum alternately in the following order: one men's heat followed by one women's heat, until all competitors have completed their races.
- After the first eight heats (four men's and four women's), a 30-minute warm-up break will be scheduled.
- Please note that performances achieved with two swimmers per lane are not eligible for record ratification. Athletes intending to attempt a record must notify the Referee, in writing, before the start of the event, in order to be allocated a lane on their own.

The outdoor competition pool will remain available to athletes throughout the daily competition programme. In addition, the 25-metre indoor pool will also be available under the same conditions.
